Fast Flow 69HP LTL Skid Hydraulic Power Unit

Fast Facts

Small Footprint - Low Cost Transport

Horsepower:

69HP

Operating Pressure:

1000-3000 PSI

Hydraulic Flow

Up to 40 GPM

Hydraulic Tank

18 Gallons

Diesel Tank

40 Gallons

Weight:

3200 lbs

Dimensions:

48" x 78" x 65"

Hydraulic Oil:

Biodegradable 32 Weight

69HP HYDRAULIC POWER UNIT

FEATURES

Engine

- 69HP Yanmar Engine.
- Tier 4 Final EPA engine with engine vibration isolators
- Engine monitoring packages
- No costly downtime due to DPF or Regen. No DEF fluid.
- Double fuel and hydraulic filtration
- Air inlet e-shutdown valve
- Electric start with battery & weather safe battery box

Safety

- Large forklift boots and center point eye pad lifting system
- Engine safety shutdown package
- Fiberglass protective grating
- Pallet Jack Boots for LTL/Freight Shipping.
- Easy to read safety and operation labeling
- Flame arrestor exhaust with heat shield and rain cap
- Sound & weather enclosure
- Eliminates trailer maintenance and liability.

Other Features and Options

- Fully custom hydraulic circuits, pressures & flows
- Electric, air or hydraulic start
- Mechanical or Electric shutdowns
- Choice coatings with custom colors available
- Fully fly by wire digital controls available
- Load sensing and pressure compensating hydraulics
- 60 or 100GPM Hydraulic cooler options
- PowerFlowNZ

Hydraulics

- Single Circuit variable flow hydraulic controls
- Hydraulic tank low level shutdown
- 5000 PSI hydraulic gauges
- Dripless flush face hydraulic couplings
- Hydraulic oil level & temperature indicators
- Power Flow NZ or other biodegradable hydraulic oil

Trailer or Skid Mounting Available
